

ZebraNet™ Bridge Enterprise

Simplify Your Network Printer Management.

ZebraNet Bridge Enterprise provides robust management and control of your Zebra® printers. Leveraging the power of ZebraLink™, ZebraNet Bridge Enterprise allows your information technology (IT) staff to centrally manage distributed printers throughout your enterprise—all from a single PC screen located anywhere on your global network.

Easy to Install. Easy to Use.

ZebraNet Bridge Enterprise offers a familiar Windows®-like graphical user interface. And configuration of the software, including drag-and-drop file copying and wizard assistance, makes customizing it to your network quick and easy.

Raise Productivity and Cut Costs.

Reduce printer downtime: Whether the paper's out or the power's out, remote monitoring features help you get your printers back up and running without missing a beat. Save IT administrative time and costs by configuring or updating a selected printer or groups of printers remotely with a few clicks of a mouse. Calculate your potential savings using our return-on-investment (ROI) calculator at www.zebra.com/zebranetbridgeroi.

ZebraNet Bridge Enterprise

ZebraNet Bridge Enterprise removes the redundancy from printer setup, which significantly reduces time required for installation, modification, and support. With advanced monitoring features like application heartbeat and visual alerts, ZebraNet Bridge Enterprise maximizes printer uptime, maintains quality performance for mission-critical printing, and lowers the total cost of ownership for the print system. **Start leveraging the full power of your Zebra printers today with the free download at www.zebra.com/printermanagement.**

ZebraNet Bridge Enterprise Feature Matrix

Feature		Free Download up to 3 printers	Licensed Product 50, 100, or unlimited printers
Deployment	Reduce IT time & costs with simplified installation & configuration of printers.		
Automatic Discovery	auto discover networked printers via variety of search methods	•	•
Font Conversion Wizard	easily convert and download fonts	•	•
Wireless Setup Wizard	set up wireless stationary and mobile printers	•	•
Parallel/Serial/USB Support	allows support of printers connected to a PC via local ports	•	•
Copy Printers—1:1	copy alerts, settings, and files from 1 printer to another	•	•
Copy Printers—1:Group or Many	copy alerts, settings, files from 1 printer to many or a group		•
Create Printer Profiles	create and save a printer profile for deployment and backup		•
Download Printer Profile—1:Group or Many	copy a printer profile to many printers or a group of printers		•
Management	Increase help desk efficiency & reduce costs by centralizing printer management.		
Group Management	manage printers in logical groups	•	•
Change Settings	change settings easily and quickly from remote PC	•	•
Firmware and File Download—1:1	download firmware and files to a single printer	•	•
Resource Management	centrally manage printer files, firmware, fonts, graphics	•	•
File Download—1:Group	download formats, fonts, and graphics to a group of printers		•
Multiple User Configurations	manage multiple locations with different application settings		•
Monitoring	Increase productivity & reduce downtime with instant crisis recovery.		
Application Heartbeat and Status Icons	color coded icons provide visual notification of issues	•	•
Quick Status and Port Status	provides detailed view of print server and port status	•	•
Detailed Status	view detailed printer status for quick troubleshooting	•	•
Configure Printer and Print Server Alerts	configure alerts on the printer and print server	•	•
Alert Logging via SNMP and TCP/IP	capture printer alerts over SNMP and TCP/IP	•	•
Alert Filtering—Device/Group/Severity	view events by printer, a group, or many groups	•	•
Visual Alerts	your entire printer enterprise at a glance		•

Specifications at a Glance*

System Requirements

Workstation Requirements

- Operating System—Windows® 2000 Professional/ Server, XP Home/Professional, 2003 Server
- Processor Speed—500 MHz
- RAM Memory—128 MB
- Disk Space—200 MB available

Connectivity

ZebraNet® wired or wireless print server required to enable network features on the printers.

Languages Supported

English, French, Italian, Spanish, Portuguese (Brazil), German, Japanese, Korean, Chinese (Simplified), Chinese (Traditional)

Printers Supported

- ZPL®-based tabletop, desktop, kiosk and RFID printers (XIIIPlus™, Xi4™, S4M™, 105SL™, PAX4™, ZM400™/ZM600™, 2824 Plus™, 2844-Z™, 3844-Z™, HC100™, KR403™, R110Xi™, R170Xi™, R110PAX4™)
- Zebra mobile printers (QL Plus™ series, RW™ series, P4T™/RP4T™, MZ™ series)
- Zebra card printers (P330i™, P430i™)
